## Candle Example

### Candle Standard Safety Precaution Information/Directions of use:-

**WARNING**

To Prevent a Fire and Serious Injury. Never leave burning a candle unattended. Keep out of reach from children, pets and flammable materials. Do not burn in a draught. For best results, keep wick centred and trim wick to 1/4" prior to lighting each time. Allow the candle to reach a full burning pool before extinguishing, do not burn any longer than 4 hours at a time. Container will be hot when the candle is lit, allow to cool before re-lighting. Never burn right to the bottom on the container.

### **BURN ON HEAT-RESISTANT SURFACE**

**Add CLP statement as per Product Label Information including any pictograms that relate to the fragrance you are using (if applicable). See Example below for your reference only.**
